The Best of Bordeaux
- First Growths & Their
Second Wines

Dear Customer,

We are very happy to present to you our traditional holiday newsletter with a selection of wines designed to meet all your festive needs as the year's end approaches. Whether you are looking for wines for large scale entertaining, classic Bordeaux and Burgundy or a special bottle of Champagne we hope you will find it in the following pages. Do remember that this is just a very small selection from our extensive portfolio. Our sales team will be very happy to help with your purchase if you contact us with any special requests.

As usual at this time of year we take the opportunity to reflect back on the events of the previous twelve months. This year, as we have recently celebrated Altaya Wine's Tenth Anniversary in the wine business we look back on the last decade with a reasonable sense of satisfaction. The scale of our business has grown to an extent that we could hardly have dreamed of in 2001 and we would like to thank all those customers, old and new, who have supported us over the years and contributed to our success. Thanks too to all our suppliers who are such an important part of the Altaya Wines story and have supported us through this period of growth and development.

In keeping with the spirit of change and development we would like to inform you that this will be the last Inner Cellar newsletter in its present form. We will continue to communicate our current offers, new arrivals and special events to you by email and through our website. Do please remember that our sales team are only a telephone call away!

We would like to wish you all, your families and colleagues a joyful festive season and a peaceful and prosperous new year.

– The Altaya Wines Team

Champagne

This year our seasonal Champagne offer features more of the small grower-focused operations who we have found to offer high quality and excellent value for money. We urge you to remember that Champagne, as well as being a traditional drink of celebration, also makes a great match with a wide variety of food.

As well as the standard bottle size, several Champagnes are available in half bottles, magnums and larger formats. Please ask for details.
